

# SkyCiv Enterprise Account

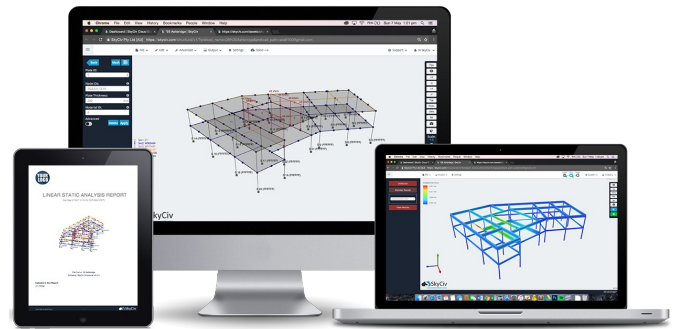

[www.skyciventerprise.com](http://www.skyciventerprise.com)

## Why Enterprise?

SkyCiv's tailor made Enterprise Accounts will give the full functionality of SkyCiv's easy yet powerful structural analysis software. With full access to all of our software, unlimited file storage, custom reporting and priority support - SkyCiv Enterprise gives your team the tools they need to get the job done quicker and easier.

Since the software is **all online**, users can access the software from their own computers/devices **without having to install** or maintain the software! This means no downloading, no IT department, no USBs, no upgrade headaches and best of all no maintenance fees.

SkyCiv Enterprise is the easiest way for your team to access powerful Structural Analysis and Design software.

## Shared Folders

Have one central location to store all your files and folders for your team. Stored safely on the cloud, your team can collaborate quick and easy from anywhere.

## Unlimited Access and Storage

The only account that offers unlimited file storage and access to all the features and functionality of the SkyCiv software; including all Design and add-on modules.

## Custom Reporting

Add your company logo to the top of all reports and ensure your clients and fellow engineers know the source of the work.

### Bronze

1-5 Engineers

**\$1,250 per seat/per year**

Perfect for small firms not wanting to burn capital on expensive software

### Platinum

5-20 Engineers

**\$1,100 per seat/per year**

Larger firms requiring frequent use of Structural Analysis Software

### Gold

20+ Engineers

**\$950 per seat/per year**

Great pricing for an entire team of engineers who need to share files and collaborate together
